# **Circular**

To: **All Consultants, Project Managers, Engineers and Contractors**

Subject: **Additional Documents to be submitted whilst applying for  
Building Permit or NOC**

Our Ref: **IOC- 17312/07**

Date: **1<sup>st</sup> - May - 2007**

Effective 1<sup>st</sup> May, 2007, we have decided to eliminate the application for Notice of Intent from the Contractor and request you to note that we require the additional under noted documents to be submitted by Consultants for obtaining a Building Permit for Super Structure, Piling Works or Shoring NOC :

1. Demarcation Certificate for the plot approved by the concerned developer / authority.
2. Main Contractor's Trade Licence OR Specialist Contractor's Trade Licence in case of any specialist works like Piling, Shoring and Post Tensioning etc.
3. Curriculum Vitae of the Resident Engineer for the Lead Consultant and the Main Contractor, who shall be accredited by the "local authority"(Civil Engineering Department) on both BLUE and GREEN codes.

BLUE - Building Regulations & Design Guidelines

GREEN - Construction Materials Quality Control Guidelines.

Please note that no inspection will be done by CED prior to obtaining the Certificate of Conformity from "Environment, Health and Safety Department".

All consultants are advised to comply with the above listed additional requirements whilst applying for Building Permit or NOC to avoid delays to works on site.
