Circular

To: **Consultants & Contractors**

Subject: **Inspection Request for work not ready**

Our Ref **CIRCULAR-32115/2008/sk**

Date: **4-MAY-2008**

Dear All,

We have found that there are considerable numbers of Inspection Requests received at CED for various works which are not ready at all.

This causes our engineers wastage of their time and delay for the other inspections. We therefore request all concerned to make sure the site is ready for inspection prior to inviting for same.

Any noncompliance regarding the above will result in penalty of **Dhs.2000/-** per inspection to both consultant and contractor.

Your's faithfully,

Abdulla M.
