

## LETTER OF UNDERTAKING

### EHS In-House Green Building Certification (New Construction)

We M/s \_\_\_\_\_ hereby communicate our intention to opt for and seek EHS Green Building certification of our project facility, the details of which are mentioned below

<b>Project:</b>	<b>Location :</b>	<b>Built-up Area (m2)</b>
<b>Plot No:</b>		

Further, we confirm our understanding and acceptance of the following terms and conditions associated with this service

1. EHS In-House Green Building Certification service is purely an optional service being offered to clients who wish to exercise and pursue it in lieu of seeking the certification from Green Building certification Institute. We have also understood the disclaimer clause of the in-house certification that is stated in the procedure
2. The certification fee as applicable for the proposed facility would be payable to EHS for the above service. This charge will be effected as follows:  
 Fee Description: EHS - Green Building Certification Fees  
 Fee Service Code: HSSU006
3. Accordingly upon our request, the payment advice would be issued by EHS for the above service. Based on the above

I, \_\_\_\_\_ of M/s \_\_\_\_\_ hereby understand, agree to and accept the terms and conditions stipulated above and am authorized by my company to accept them. Valid Trade license with the authorized signatory details are attached herewith for your records
